[volunteers4sequimwheelers@gmail.com](mailto:volunteers4sequimwheelers@gmail.com)

Are you interested in volunteering at the Open House or being a Trainer? Contact Sue Heffernan at 206-321-8642.

**Call to Action**

# NEW VOLUNTEERS NEEDED!

**Call to Action**

**We now have 6 amazing bikes in our fleet, and new volunteers are in demand.**

Do you know someone who enjoys riding (either a SW bike or their own) and meeting other bike enthusiasts, loves spending time with and bringing joy to those who cannot ride, and/or simply loves to be outdoors on our beautiful Olympic Discovery Trail?

**Let them know about Sequim Wheelers!**

Check out our updated website, [Home - Sequim Wheelers](#).

The Volunteers Hub page has the information and required forms (Application, Waiver, and Background Check) to become a volunteer.

The Sequim Wheelers visited the Sun Fun Color Run event during the 2026 Sequim Sunshine Festival at Carrie Blake Park on Saturday, March 7th.

After a slight rain delay, we had five pilots and three safeties peddle the bikes from the storage shed to Carrie Blake Park and make contact with people coming and going between the Sun Fun Color Run event and the Guy Cole Center (plus Bob Fitton met us there) ... a big part of our pre-season efforts have been to recruit new volunteers when and wherever possible along with letting people know about our free bike rides to anyone that wants to go but can't ride a bike on their own.

The four new bikes are easy to learn and operate.  
Pilots will have a fun time riding the electric assist....  
and more to come during your training sessions!
