Sea to Sound 2026

In the know

Ian Mackay and his friends rode this on

August 28– 30, 2026:

Sea to Sound is a 74-mile, three-day, multi-modal group ride spanning the entire length of the Olympic Discovery Trail.

The Wheelers join this ride on the Discovery Trail every year in support of Ian.

Bonney Lake Seniors Ride with the Sequim Wheelers

The Sequim Wheelers were thrilled to welcome 15 participants from the Bonney Lake Senior Center for their first-ever ride with the Wheelers!

This special outing was made possible through a wonderful collaboration between Kerry LeBleu, Senior Aide with the Bonney Lake Senior Center, and Sequim Wheelers' Bob Fitton and President John Gagan.

The Bonney Lake group traveled an impressive 2½ hours to experience adaptive cycling with the Wheelers. With six adaptive bikes, our volunteers completed two full rounds of rides, giving all 15 participants the chance to enjoy the trails and the freedom of cycling.

A little light rain joined us along the way, but it certainly didn't rain on our ride! Everyone kept smiling, pedaling, and enjoying the adventure.

It was a wonderful first visit, and the Sequim Wheelers were honored to share the joy of adaptive cycling with our new friends from Bonney Lake!
